ABSTRACT

This document summarizes survey data on non-credit instructional activities at State University of New York (SUNY) constituent institutions between July 1, 1992, and December 31, 1992. It includes 21 reports divided into three sections: (1) information on non-credit activities and registrations from a SUNY-wide perspective; (2) information on non-credit trend data from 1983 through 1992; and (3) a listing of all non-credit activities reported by SUNY colleges and universities. The first six summary reports cover noncredit activities and registrations by six categories: subject area, target clientele, organizing unit, instructional type, faculty status, and funding source. The next six reports present campus details for each non-credit activity including: number of registrations, current hours, continuing education units, target clientele, and organizing unit, faculty status, funding source and location. Report 13 details activities producing Continuing Education Units for each campus. Reports 17 through 20 list each non-credit instructional activity by such categories as subject area and target clientele. Finally, Report 21 presents an alphabetized list of all non-credit courses offered at all SUNY institutions for a given academic term. Appendices include a state map showing SUNY institution locations and a list of publications developed by the Central Staff Office of Institutional Research. (GLR)

INTRODUCTION

This report summarizes the responses of the State University of New York constituent institutions to the biannual survey of Non-Credit Instructional Activities for July 1, 1992 through December 31, 1992.

In fall 1991, legislation went into effect that eliminated state aid for non-credit vocational preparation instruction and for community service activities at the community college level. As a result, many SUNY institutions, particularly those with large vocational and community service programs, were forced to reduce their non-credit course offerings. Trend table 93/899 in Part II of the publication shows the resulting decline in the number of non-credit instructional activities and registrations offered by SUNY institutions, particularly at the community college level.

Non-credit instruction remains important to adults at transition points in their lives. Adults considering a career change or career advancement or those seeking personal growth and development are either turning or returning to higher education. SUNY institutions have responded to the demand for adult education with an incredible array of non-credit instructional activities.

EXAMPLES OF SUNY NON-CREDIT INSTRUCTIONAL ACTIVITIES

Some examples of the non-credit activities offered at SUNY campuses are presented below. This listing is by no means comprehensive considering that the number of non-credit instructional activities offered in the last six month period was nearly 13,000 with registrations of nearly 450,000 participants. However, the activities listed below indicate the expanding diversity of courses, seminars, conferences that SUNY institutions provide for professional and business groups as well as for the community in general. The non-credit activities titles presented below are organized by some of the major purposes that adults turn and return to higher education i.e., career changes, inservice education, personal growth and leisure and retraining of job skills.

A few examples of non-credit instructional activities for adults considering career changes include: Introduction to Advertising, Careers in Broadcasting, The Changing Work-Force, Careers in Management, Careers in Technology, Choices and Changes for Women, How to Start a Mail-Order Business, Identifying Employers/Job Openings, Plan Your Career, Resume Clinic, Start and Finance a Computer Enterprise, Successful Self-Employment, Today's FBI and You, Vocational Transitioning, etc.

Examples of the variety of non-credit activities offered by SUNY colleges and universities for in-service education include: Economics Education Workshop for Teachers, Forest Resources Systems Institute, Graphic Presentations, Intensive Review for Family Physicians, Modern Radiographic Techniques, Nursing State Board Review, Professional Engineer Refresher, Project Management, Public Speaking, Running an

Effective Meeting, Skull Base Surgery Symposium, Telemarketing Techniques, Writing Workshop for Business Professionals, etc.

Demand for instructional activities to enhance personal growth, development and leisure-time has lead to the following variety of non-credit offerings by SUNY institutions: Beginning Sailing, Cabinet Making, Current Issues, Exploration in Classical Music, Folk Dancing, Fitness of Men & Women, Handling Anger & Depression, Irish Language, Microwave Cooking, Home Refrigeration/Air Conditioning Repair, Self-Defense, Self-Help for Smokers, Television Repair, Understanding Opera, Wilderness Camping in Winter, World Religions, etc.

The retraining and upgrading of job skills brought about by recent technological developments in computer hardware and software is another major reason for the increased adult registrations in non-credit instruction. Examples of non-credit computer courses recently offered at SUNY campuses include: Introduction to the Many Uses of the PC, Integrated Software Applications, Beginning, Intermediate & Advanced Lotus 1-2-3, Wordstar, Intro. to 8808 Assembly Language, Hard Disk Management, How to Use Micros, Computer-Assisted Drafting, Computerized School Transportation, Microcomputer Applications, Microcomputer Graphic Arts, etc.

DEFINITION OF NON-CREDIT INSTRUCTIONAL ACTIVITIES

Non-credit instructional activity is not susceptible to sharp delineation, consequently there was a good deal of local judgment regarding the non-credit activities reported on the survey. For the purpose of this survey, the following guidelines were used in determining the activities to be reported:

> All formally organized and scheduled non-credit activities which are instructional in nature and which require registration of the participants, were included. These activities characteristically exhibit a wide range of formats, e.g., courses, workshops, seminars, conferences, institutes, etc. These activities are typically organized and administered by offices of continuing education, community service, adult education, innovative studies and extension services, however, they may be organized and administered by any other division, school, or academic department of the institution. Some campuses want to include basic literary skills centers, tutorials and developmental programs in their non-credit totals. These non-credit basic skills activities can be included if they are part of a prescribed program for a student, require more than a student initiated sign-in registration and have procedures to eliminate duplicated headcount.

Excluded were all activities which can be credited toward a degree or other formal award granted by the institution. In addition, all activities which were primarily non-instructional in nature were excluded, such as great artists series, mass media programs, lecture series, travel groups, etc. Excluded were basic skills centers or labs, tutorials and developmental programs with student initiated participation, student sign-in procedure for registration and that did not have provisions for eliminating duplicated headcount. Auditors of credit courses were also excluded.

NON-CREDIT DATA COLLECTED

For each non-credit instructional activity reported on the survey, the following information was provided by the campuses: contact hours, continuing education value, course location, instruction type, instructor type, number of registrations, organizing unit, revenue source, subject area and target clientele. Definitions of these terms can be found on page xiv.

NON-CREDIT COURSE SYSTEM

Data submitted by the campuses provide a comprehensive source of information about the State University of New York's non-credit instructional activities. Information on these offerings is available to the campuses from the Non-Credit Course System (NCC), which generates a total of twenty-one different reports. The types of reports produced and their corresponding report number are described below. In addition, a summary chart of the available non-credit reports can be found beginning on page xv.

NON-CREDIT COURSE SYSTEM
STATE UNIVERSITY OF NEW YORK

Non-Credit Course (NCC) reports 1 through 6 are summary reports of the number of non-credit activities and registrations by six categories: subject area, target clientele, organizing unit, instructional type, faculty status and funding source. These reports are available university-wide and by individual campus.

6.	Registrations and Activities by Funding Source

NCC reports 7 through 12 are campus detail reports. Each non-credit activity reported is listed in alphabetical order by campus under the organizing category for that report (i.e. Report 7 - Subject Area, Report 8 - Target Clientele, etc.). Information printed for each activity includes: number of registrations, contact hours, continuing education units (CEU), target clientele, organizing unit, faculty status, funding source and location (on or off campus). These reports are currently available by campus only.

Since NCC reports 14, 15, 16 limit data reporting to only four successive terms, they were replaced by trend tables which allow additional trend reporting. The OIR trend tables summarize the number of non-credit activities and registrations for the State University of New York from 1983 through 1992.
